Why the Epson LQ310? Building on its reputation as the world's top dot matrix printer maker, Epson has introduced the Epson LQ-310 as the next-generation narrow carriage, 24-pin model that replaces the legendary LQ-300, featuring vastly improved speed and reliability. Design: Epson LQ 310 Single Function Printer has 154 × 275 × 362 (H × D × W) mm dimensions and approx.4.1 kg weight. The single function printer is quite compact and portable so that you can easily place it in any limited space. It features a fabric ribbon cartridge having approx. 2.5 million characters ribbon life. The print head life is approx. 400 million strokes/wire. Processor and Memory Epson LQ 310 Single Function Printer features a 128 KB input data buffer memory which is double to that of its predecessors. It enables you to achieve high printing speeds of up to 416 characters per second at 12 CPI. Print Performance: Epson LQ 310 Single Function Printer has an improved reliability rating that is an astonishing 67% higher than its predecessor LQ-300 which was already renowned for its dependability. It delivers crisp and clear print output and increases your productivity. Epson LQ 310 Single Function Printer has the ability to create up to a 4-part form print out. With a Mean Time Between Failure Rating of 10,000 POH (power on hours), it saves your electricity cost without compromising good quality printing. Connectivity: With a built-in USB 2.0, serial and parallel interface options, the Epson LQ 310 Single Function Printer is able to connect to just about any output device you need it for. Any Other Features: Other additional features of this Epson LQ 310 Single Function Printer include bi-directional printing with logic seeking, control panel with 4 switches and 5 LEDs, sleep mode and Auto Off mode.
